

Dental Herb Company products are sold through dental offices, and are not available in retail stores.

Dental Herb Company's *Truly Natural*® formulas are professional strength, and are most effective when used as part of a complete dental care program including regular oral check ups and cleanings. By working directly with your dentist or hygienist, you can be sure you get the Tooth and Gums products that best meet your needs, and your dentist can continue to monitor your oral and periodontal health.
